### **Residential Storage Building Rules**

1. In residential districts one story detached garages or other accessory buildings may be located five (5) feet from side and rear property lines and must be at least twenty feet to the back of the principle building.
2. The accessory building may occupy the equivalent of two-thirds (2/3) of the living space of the principle dwelling but shall not exceed 850 square feet.
3. For all Zoning districts: All buildings including accessory buildings shall not cover more than 20% of the area of the lot.
4. The storage building must be at least as far back as the front setback of the principle building if placed in a side yard.
5. A garage must be at least 20 feet to the rear of the principal dwelling.
6. Zoning rules of the Village take precedence over deed restrictions. It is your responsibility to determine your deed restrictions.
7. An electrical inspection from a Certified Electrical Inspector must be submitted to the Village Zoning Clerk if electricity is run to the building.
8. You are to call for inspection after the storage building is staked out and before construction begins.
9. You are to call for inspection after the storage building/garage is completed.
