In an GB-I District, the following uses shall be classed as conditionally permitted uses and may be permitted by the Board of Zoning Appeals subject to the general conditions as set forth in Article IX, Board of Appeals after a recommendation by the Planning Commission and the following specific conditions:

A. Service Stations:

1. General Conditions for Fueling Service Stations:

- a) Site - a minimum of one (1) acre
- b) Yard requirements as follows:
 - i. Frontage - a minimum frontage on the primary street of one hundred twenty-five (125) feet.
- c) Building Setback (including any canopy structures) - required minimum setback of 100 feet from all street right-of-way lines. A 15

feet deep unobstructed buffer strip shall be provided next to the right-of-way and parking in this strip shall be prohibited. No parking shall be permitted in the front yard area when adjacent to a residential district.

- d) Rear Yard - a required minimum of 75 feet where the use abuts a residential area or 40 feet abutting a nonresidential area.
- e) Side Yard - a required minimum of 75 feet where the use abuts a nonresidential area.

- f) Lot coverage - a maximum of 20% shall be permitted.

2. Driveways:

- a) Maximum width of curb openings for stations should not be more than 35 feet or less than 20 feet.
- b) No driveway or curb cut for a driveway shall be located within 10 feet of any adjoining property line or closer than 120 feet to the street right-of-way line at the intersection of two roadways
- c) Any two driveways giving access to a single street shall be separated by a buffer strip with a minimum depth of 20 feet from the right-of-way line.
- d) The angle of intersection of the center line of the driveway with the center line of the street shall be not less than 60 degrees.

3. Landscaping:

- a) Any unpaved areas of the site shall be landscaped or maintained in a dust free condition and separated from the paved areas by a curb or other barrier.
- b) When such use abuts a lot in any residential district, a three-foot solid wall, chain link fence, or painted board fence shall be maintained from the street right-of-way line to the building line. Whereupon a six-foot solid wall, chain link fence, or painted board fence from the building lot line along the remainder of the property lines shall be maintained. In addition, a row of shrubs shall be incorporated which will attain a maximum height of three feet from the street right-of-way line to the building line and a minimum of six feet along the remainder of the property lines.

c) There shall be a parking space for each employee (with a minimum of two employee spaces) plus one space for each fuel bay, plus one space for each restroom provided.

d) Exterior lighting shall be shielded from adjacent properties to prevent possible glare.

e) Fifteen (15) foot deep unobstructed open buffer strip shall be provided next to the right-of-way. The buffer strip must be mounded with 3:1 slopes and landscaped with trees and random plantings or shrubs or other plant material. Parking in this strip shall be prohibited.
