Village of LaGrange

Dear Resident/Business Owner,

September 24, 2020

There are 2 valves on our 10 inch main water line that are defective and require immediate repair or replacement. The work will begin tonight at 10:00 PM and continue into the early morning hours during which your water service will be interrupted. Work may be necessary on Friday at the same time if the work is not completed. All effected residences/businesses will be under a boil alert for water consumption until testing is completed to ensure safe drinking water. You will be notified when the boil alert is cancelled.

Thank you for your cooperation.

Robert Hulec
Superintendent/Water/Wastewater
Village of LaGrange
